PROFILE SUMMARY

Final-year ECE student with hands-on experience in embedded systems, IoT, AI/ML, and sensor-based hardware development using ESP32 and Arduino. Strong problem-solving and teamwork skills with experience in technical projects, internships, and hackathons. Interested in automotive electronics, embedded systems, and innovative engineering solutions.

KEY SKILLS

Programming Languages -
Java, Python, C language, C++

Business and Product Skills -
GTM strategy, Product Research, UI/UX Planning, Customer Analysis, SEO, Digital Marketing

Tools and Platforms -
Github, Vs code, Labview(Basics), Matlab

Web Technologies -
HTML, CSS

Database -
SQL

Core Concepts -
Internet of things, Computer vision, Basics of Machine Learning, Object-Oriented Programming, UART, VLSI, Embedded Systems.

Data Analytics & Visualization -
Power BI

PROJECTS

L.I.D.A.R.S –Lives saved through Disaster Alert and Response System,
Developed an IoT-based disaster monitoring system for fire, flood, and earthquake detection. Integrated GSM alerts and web dashboard support for real-time emergency coordination.

AQUA-VISION – AI-Based Underwater Monitoring System
Built a real-time underwater monitoring platform using YOLOv8n and OpenCV for marine object and pollution detection. Integrated CLAHE image enhancement, alert generation, and analytics dashboard, achieving ~90% detection accuracy across image, video, and webcam inputs.

AEROSENSE – Smart Air Quality Monitoring System, Built an Arduino-based system to monitor air quality, temperature, and humidity in real time.
Implemented OLED display and alert mechanism using MQ2 and DHT11 sensors

PCDB – Pipeline Crack Detection Bot, Designed an ESP32-based ultrasonic bot for real-time pipeline crack inspection and monitoring. Enabled automated alerts with IoT cloud transmission for remote engineer access.

AI-Based Mobile Phone Detection System Using YOLO, Developed a real-time mobile phone detection system using YOLO, Python, and OpenCV for classroom monitoring. Applied AI, Computer Vision, Deep Learning, and Object Detection techniques.

CERTIFICATES

NPTEL
Digital marketing - Elite with gold ,
Internet of things - Elite with silver

CLAD
Certified Labview Associate Developer by NI

IBM
AI Fundamentals, Customer engagement

COURSERA
Microsoft Power BI

BAJAJ MANUFACTURING SYSTEMS
Advanced Certification Program

MATHWORKS TRAINING
Matlab

INFOSYS SPRINGBOARD
Sql Developer, Python for Data science

LABVIEW
Certification course

LANGUAGES

- English - Professional
- Tamil - Native

EXTRA -CURRICULAR

Hosted 30+ college events

Dancer, Singer, Poeter, Reading books

INTERNSHIP

Operations Executive - Internova Edutech,
Organized and facilitated 20+ training programs on Marketing, Market Research, HR and career development, enabling students to acquire industry-relevant skills.

Operations Management Intern - Opulence at Kosmo one
06/2026 – 07/2026
Assisted in operations management, optimized processes that reduced turnaround time by 30%; collaborated with cross-functional teams toresolve workflow bottlenecks through data analysis

Growth & Product Strategy Intern — LOBES
03/2026 – 05/2026
Conducted GTM research and customer analysis for marketing initiatives. Assisted in UI/UX planning and website flow design. Coordinated with magazine partners and gathered business insights, resulting in 40% increase in project efficiency or user engagement.

CRM Virtual Internship — AdroIT Technologies
12/2025 – 02/2026
Worked on CRM operations, client coordination, and data management activities.
Improved workflow efficiency and strengthened communication and problem-solving skills

IoT Intern — CodTech IT Solutions Pvt. Ltd.
07/2025 – 08/2025
Developed and implemented IoT solutions to connect real-time systems, collaborating with cross-functional teams to deliver 2 successful projects and resolve technical issues.

AWARDS

First Prize, Hackathon,
Gojan School of Business and Technology

First Prize, Project Expo, Saveetha College.

First Prize, Ideathon, RMK College

First Prize, State-Level Poetry Competition Ethiraj College, Ethiraj College

Third Prize, Paper Presentation, RMK College

Winner, Smart India Hackathon (Internal Round)

Won multiple prizes,
in Essay Writing and Speech Competitions

First class, typewriting english, senior grade, tamil nadu institute of technical education

POSITIONS OF RESPONSIBILITY

HCLTECH, Campus Ambassador

IETE Committee, Executive Member

Industrial visit, Symposium,Hackalthon, Technical and non-technical events, Coordinator and Organiser

Social club, Vice president

EDUCATION
